

User Acceptance Testing (UAT) Template

Date	27-06-2025
Team ID	LTVIP2025TMID52522
Project Name	DocSpot: Seamless Appointment Booking for Health

Project Overview:

Project Name: DocSpot: Seamless Appointment Booking for Health

Project Description:

DocSpot is a user-friendly web platform that allows patients to book, reschedule, and manage medical appointments online. It includes features like doctor search, real-time availability, appointment booking, video consultations, digital prescriptions, and calendar integration for doctors..

Project Version:v1.0.0

Testing Period: 26 June 2025 to 27 June 2025

Testing Scope:

- Patient registration and login
- Doctor profile creation and calendar setup
- Search and filter for doctors
- Real-time appointment booking
- Reschedule and cancel appointments
- Digital prescriptions
- Payment integration

Requirements to be Tested:

- As a patient, I want to easily search and book appointments with available doctors.
- As a doctor, I want to manage my availability and bookings.
- As a user, I want secure login, video consultations, and payments.
- As an admin, I want to manage users and handle disputes or feedback.

Testing Environment:

Testing Environment

URL: https://docspot.example.com

Credentials:

- **Patient:** test.patient@example.com / patient123
- **Doctor:** test.doctor@example.com / doctor123
- **Admin:** admin@docspot.com / adminpass

Test Cases:
